

COMMON CORE REPORT CARD

SECOND GRADE CONDENSED

This report card is a carefully constructed document based solely on the content and elements found in the Common Core State Standards (CCSS) for this specific grade level. It is not simply a list of the CCSS with a grading column. The content found on this report card align with the CCSS but have been carefully rethought and reworded so that it is parent-friendly. Some standards have been removed from the report card as they are not appropriate for reporting to parents.

This report card includes both Language Arts and Mathematics. The other portions of the report card (Science, Social Science, etc.) are generic. These subject areas have not yet been formally introduced in the CCSS.

Review this report card and make changes as desired. When you have your final version of your report cards, email it to us and we will include it in your customized version of Report Card Maker for your teachers to use.

This Common Core Report Card was written, designed and released by

Please contact us for more information about Common Core, this report card, and Report Card Maker – the software used to generate it.
